

## WORKSHOP

WHAT LEADERS AVOID,  
ORGANIZATIONS  
INHERIT

An exclusive leadership workshop with  
**ANN ASKENBERGER**

For the first time in Prague **NOVEMBER 12, 2026 | 16:00**

**Every organization has a shadow.**

It exists in the gap between what people say and what they actually do. Between declared values and everyday behavior. Between what leaders see — and what they don't.

**During the workshop, you will be invited to explore a real leadership challenge from your own leadership role. Through that challenge, you will see how unseen patterns may shape leadership, decision-making and culture. Using Ann Askenberger's honey-ghost-trap® method, you will begin to uncover the blind spots, projections and inner patterns that may shape how you lead, decide and relate to others.**

**The goal is not to become a better leader.****The goal is to lead with greater awareness, clarity and impact.**

Because every culture reflects what its leaders are willing — and unwilling — to see.

*The workshop is held in an exclusive, private setting, with space for reflection, dialogue and personal insight.*

**ANN ASKENBERGER**

Ann is the author of ***Your Shadow Is Your Strength*** and further developed this work during her Executive Master of Change studies at INSEAD.

**MORE ON ANN'S APPROACH**

ČTVRTEK | 12.11 | 16:00
